

MASAKHE NEWS

I am sure that many of us could not wait for 2020 to pass...it was a year that affected us emotionally, financially and physically. It was also a year where we reflected on who we are and what adjustments we need to make to become better, or smarter. It was a year where we became more compassionate about the needs of others – we became more generous in our caring/giving and we, at Masakhe Foundation would like to take the opportunity to say **thank you** for your generous support during 2020.

Now that we have started 2021, I am sure that the true spirit of **Ubuntu** will prevail.

Last year, due to the pandemic, we unfortunately had to close all our hubs but with your support, we were still able to achieve the following:

- More than 10 000 families received food parcels or e-food vouchers
- 4800 individuals benefited through our soup day drives
- We assisted families with clothing and blankets
- Our Addiction Awareness facilitators provided support to those in need.

Due to the current COVID19 restrictions we are unfortunately not able to resume with our After School Safe Spaces and Skills Unlimited programmes, we will resume once we are able to do so. We will however **start with our Addiction Awareness Facilitator Training course on the 20th February in Macassar.**

This year, our plan is to support more communities and I ask that you please continue to support us. Please connect with us via our various social media platforms, email or give us a call.

Sincerely

Masakhe Foundation Team
